Applicant states that the foreign references and publications (no copies were submitted to the office) which were not considered (lined through) should be considered because they were presented in application 10/329,036. The examiner respectfully disagrees because 10/329,036 is not a child, parent or otherwise to instant application; 10/812,113. There is no relationship between these applications. Only in the case of a continuation may foreign references and publications be referred back to the parent for copies.
